MR. ACHESON'S SCHEME

He Wants the Republican States to Rule the Party.

JEALOUS OF THE SOUTH

An Attempt Will Be Madeat St. Louis to Have the Delegates Apportioned According to the Proportionate Republican Vote in Congressional Districts-Plan Favored by Mr. Quay.

It is probable that the Pennsylvania delegation at St. Louis will take the initiative ineffecting a reform in the representation in future national Republican conventions. It is proposed to bave the delegates appor tioned according to the proportionate Re-

This proposition is not a new one, but since the last convention, at Minneapolis, where the renomination of President Harrison was accomplished by the delegates from the which did not cast an electoral vote for the Republican candidate, the matter has been more earnestly advocated.

Representative Acheson, of Pennsylvania, was one of the prime movers to have the State conventions composed of delegates based upon the Republican vote in the various districts, is taking a deep interest in baving the same system extended o national conventions.

Quay, who is thoroughly in accord with the sition made by National Committee man N.B. Scott, of West Virginia, and sub mitted to the national committee three years ago, to have delegates elected upon the basis of 7,000 Republican votes for each delegate, and additional delegates for a fraction exceeding half that number. A JUST SCHEME.

After consulting with Senator Quay Mr Acheson has prepared a statement and tat to the convention. The matter will come before that in regular shape, and can be

"At the meeting of the Republican national committee, held during the succeeding summer, N. B. Scott of Wheeling, the memper of the national committee from West Virginia, offered a resolution providing that representation of the various Congression al districts in future national conventions be based upon the Republican vote polled therein, one delegate being allotted to each district for each 7,000 votes, with an additional delegate for a fraction exceeding half thereof, each district to have at

the representation of all but three States would be affected. The representation of fifteen States would be decreased the ncreased, and that of Kentucky, Missouri and Rhode Island would remain as it is. This estimate is made upon the basis of the vote cast for Congress in each district in 1894. That is taken because the vote of 1896 is more likely to approximate the vote of 1894 than that of 1892.

vigor is the result. Dr. W. T. Cathell says "All animals except man eat before sleep and there is no reason in nature why man should form the exception to the rule."
If people who are thin, nervous and sleep-less would take a light lunch of bread and mik or oatmeatan i cream and at sametime take a safe, harmless stomach remedy like Stuart's Dyspepsia Tablets in order to aid the stomach in digesting it, the result will be a surprising increase in weight, strength and general vigor. The only drawback has been that thin, nervous, dyspeptic people cannot digest and assimilate wholesome food to take the same other time. For such it is at night or any other time. For such it is absolutely necessary to use Stuart's Dypersia Tablets, because they will digest the food no matter how weak the stomach may be, nourishing the body and resting the

MARTYRS FOR THEIR FAITH

Philadelphia Single-Taxers Ready to Fill Delaware Jails.

Fifty of the Reformers Willing to Defy the Dover Justices and Preach Their Doctrines.

Philadelphia, June 5 .- The Philadelphia members of the Single Tax Society who are interested in the Delaware campaign promise to fill the Dover jail to over-lowing tomorrow night, if the authorities there hold to their expressed intention of arresting every man who attempts to talk on the public streets of that city. The in tentions of the Philadelphians were made apparent at a meeting of the Single Tax Society, held in Mercantile Library Hall last evening.

The meeting was called to permit the members to listen to an address on the money question, but the arrest and im-prisonment of G. Frank Stephens, in Dover, last Saturday, was the topic uppermost in the minds of the single-taxers, and the noney question was forgotten.

As soon as the meeting was called to As soon as the meeting was called to order a resolution was presented, in which the society advised the abandonment of the public meetings in Dover except on the square in front of the State house. where the authorities agree that they can neet and talk unmolested.

About the only man who favored the reso-lution was Mr. Stephens. He said he did not want to go to the Dover Jail again, and from his short experience there was in a position to advise against any other be-liever in the cause sacrificing himself. A. H. Stephenson opposed the resolution. He said he believed Gov. Watson would pardon the men as fast as the Dover he was in favor of defying the Dover opponents of single tax. Asked if he would be willing to be one of those to go to jail and run the risk of a pardon from the governor, he said he would not, but explained that the only reason why he would not was because he could not neglect his

This brought H. V. Hetzell to his feet, and he denounced Mr. Stephenson for his alleged weakness in the cause. He said he was ready to go to jail fur it, and had so arranged his business that he would be able to go to Dover and to jail, if necessary, on Saturday. He said be knew fifty men who would go with him and follow him to jail. if speaking for single tax should result in their arrest.

A half dozen other enthusiasts expressed their willingness to go to Dover on Satur-day and speak for Single tax. They held that the abandonment of the fight in Dover would mean defect in the whole State When the resolution was voted on there was one vote in its favor and a storm of mays against it. .0:0

MRS. LASCELLES DIVORCED

New York, June 5.—Judge Beckman, in upreme court yesterday, handed down a lecree of divorce in the case of Mrs. Maud Lascelles against her husband, Sidney Lascelles, alias "Lord Beresford." The

Lascenes, and Lord berestero. The action was begun several months ago and was undefended.

Sidney Lascelles cut a wide swath in social circles in New York some years ago. He managed to obtain entrance to some of the most exclusive households and his society was courted by the social lights of the Four Hundred. The man was an imposter but it was a long time before he was found out, and not until he had swindled many New Yorkers to the extent of thousands.

In 1890 while he was making a tour of

continental Europe, Lascelles met Miss Maud Lillienthal, an heiress to an estate worth \$3,000,000. She became infatu-ated with him and on February 2, 1891, they were married in Beaver, Pa. But his spirit of adventure was not eradicated and gradually, although not in need of money he relapsed into his old practices of swindling. In Rome, Ga., he gave a draft for £250 on the Bank of London, to a victim. It

was cashed without question but was later returned stamped "No good." In the meantime he fled to New York

There he found shelter in a disorderly house where he was finally captured. This escapade caused his wife to sue for divorce, although she had forgiven all his other mistleads.

Natural Fat.

Getting Fat is Only a Question of Eating Proper Food.

Thin people who to get fat should cat proper food and digest it. That is the only natural way.

The trouble with most thin people is that they suffer from Indigestion They don't digest their food. They don't get enough nourishment. They are slowly being starved. They are poisoned by the products of fermented and putrid f.od. products of fermedied and putrid f.od. Shaker Digestive Cordial, a gentle, natural, vegetable digestive, attacks the food in your stomach just like the digestive juices, and turns it into healthful nourishment. It helps your stomach naturally. It makes thin dyspeptics fat. It makes poisoneus blood pure. It tones up and cures the stomach. Nothing will cure indirection like Shaker Digestive Cordial, because nothing else goes so naturally about it.

The second column shows what their representation would be if Mr. Scott's resolution had been adopted four years agound the present convention were made up on that basis, taking the vote of 1894 to ascertain the ratio of representation. The third column shows the gain made in certain States. If the objection be made that the increase of the total number of delegates is too large. that can easily be remedied by increasing the ratio of representation to 8,000 or 10,000.
